**Sign Out**

[We can sign-out of AAP Publications Online.](#)

Are you sure you want to Sign Out? To cancel, simply use the "back" button in your browser to return to the previous page.

When you entered your user name and password earlier, you signed in. This allowed you to view subscriber-only content.

Signing Out removes your sign-in information from your computer. The next time you access content in AAP Publications Online, you will need to re-enter your User Name and Password, even if you selected "Auto Sign In" on the Sign In page.

If you use a computer that others have access to, we strongly recommend that you sign out when you are done using AAP Publications Online. If you do not, then others can modify your account and take over your subscription.

It is quite likely that you do not want this to happen, so we recommend that you sign out once you are finished using AAP Publications Online. For the length of your subscription, you can always sign back in and view subscriber-only content whenever you wish.
